Children's folkore group

KORNIČKA • Trenčín • Slovakia

HISTORY & PRESENT

The children's folklore group KORNÍČKA (pronounced Kornitchka) was established in autumn 1999 in the city Trenčín in Slovakia.

Trenčín (approximately 60,000 inhabitants) is situated in the middle of Váh river in the west part of Slovakia. It has a widely branched commercial network, it is an important transport line and in its vicinity are the border crossings to the Czech Republic. The modern era has changed the historical town, dominated by its medieval castle, into a modern industrial city.

The name of the group as well as the symbol - „KORNÍČKA“ - was named after the dialectal name of the girl's-tressespair in the nearby village Soblahov. In the group now is working 100 children from Trenčín and its surroundings between the age of 4 and 16. It has a dance-vocal section comprising of 12 dance pairs and an 8-member children's traditional folk music (instruments: violins, cimbalom, flute, viola, double bass). It practices 2 times a week in the 4th Elementary school in Trenčín and the casting for all sections is held always in September.

All activities of the group are supported by the Association for the Support of Children's Folklore Ensemble KORNÍČKA.
